"If You Don't Buy Clothing from J. T. Wall & Co. You Don't Buy Clothing Right."

## Buy Your Spring Suit Early!

You thus have a large assortment to select from, and you get longer wear for the same outlay, with the added satisfaction of being among the first to appear in up-to-date apparel.

The four-button Sack Suit shown in the picture will appeal to good dressers who want to be just a little in advance of the "merchant tailor's" styles. It has the ad shoulder and chest effect which gives a full, substantial appearance to the wearer without that stuffed padded look so common in other lines of ready-made clothing. Think of buying a suit like this of any fine fabrics

At So Low a Price as \$12.00!

This is an ideal suit for business men who know the value of "looking prosperous." It is the product of the art-tailors of Schloss Bros. & Co., whose clothing is handled. We have other lines for other men at other prices. Before you buy your Spring suit, drop in and let us talk it over.

## EASY FOR PARKER.

No Longer Any Doubt That New Yorker Will Win.

Nomination Will Probably Be Made Today and May Come On First Ballot.

Bryan Sets 'Em Wild. (Special 2:40 p. m.) St. Louis, July 7.—Convention re-assembled at 2 p. m. At 2:14 Bryan's entrance caused a great popular demonstration that swept the convention off its feet and for half an hour looked like a Bryan stampede. Bryan finally made his way to the platform and shook hands with Judge Parker's daughter and quiet was restored. Committees reported.

St. Louis, July 7.—The steady growth of the Parker strength continues unchecked. In the face of the developments in the convention session, the nebulous opposition grew more uncertain, and now no one can be found to stand for any definite statement that the New Yorker will meet with opposition of a serious character when the convention is polled for first place on the ticket.

Delegates that have wavered in the balance have succumbed to the Parker tide with few exceptions and these are not expected to withstand the almost assured results of the vote as it proceeds, but will change to the Parker column before the roll call is finished.

The convention held only a brief session today. None of the important committees were ready to report. The real work will begin at to-night's session and a nomination will likely be made tomorrow.

Senator J. W. Bailey, of Texas, and Representative Champ Clark, of Mississippi, both declined to accept the permanent chairmanship of the Democratic National convention, but Clark reconsidered and will accept.

St. Louis, July 6.—When Chairman James K. Jones called the Democratic National Convention to order today the great St. Louis Coliseum was crowded almost to the point of suffocation.

When Hon. John Sharp Williams, of Mississippi, minority leader in the house of representatives, was introduced as temporary chairman, the applause became simply deafening. Mr. Williams' address was a remarkable piece of oratory. He proceeded with an analysis of the speeches of the temporary and permanent chairmen of the Chicago convention and of the platform adopted by that body, his incisive and caustic comments on those utterances exciting the enthusiastic applause of the convention, which was accentuated as he then took up the history of the Democratic party and its achievements and predicated upon these a prophecy of the future greatness of the party. For two hours Mr. Williams held his great audience in the spell of his oratory, which was broken by a perfect thunder of applause as he closed.

Kentucky For Parker.

St. Louis, July 6.—Judge Parker will get the vote of Kentucky when his name is presented to the convention. The matter was brought before the delegates by Senator Blackburn. He said in a speech that the nomination of Parker was a certainty, and while his personal favorite was Gorman, he wanted to get in the band wagon, and said that it would do Kentucky no good to be found trailing at the end. There were only two votes against Senator Blackburn's motion and as the unit rule prevails, he will get the entire twenty-six votes. It was decided to present the name of Gov. Beckham to the convention as a candidate for Vice President.

## WATSON & TIBBLES.

Populists Name Two Toms for Presidential Ticket.

Georgian Given First Place and Nebraska Man for Vice President.

Springfield, Ill., July 5.—Thomas E. Watson, of Georgia, for President, and Thomas H. Tibbles, of Nebraska, for Vice President, was the ticket nominated by acclamation today by the Populist National Convention. The names of Wm. V. Allen, of Nebraska, and of Sam V. Williams, of Indiana, were placed before the convention for President, but before the list of States had been completed in the roll call, their names were withdrawn, and Watson was nominated by acclamation.

Former Senator Allen made good his word that he would not enter into any scramble for the nomination, and while the nominations were making he twice instructed the Chairman of the Nebraska delegation to say that his name must not go before the convention. But in the face of this, Senator Allen received more than 400 votes, and many believe he would have been nominated had he given his consent to be a candidate. Whether Watson will accept the nomination no one in the convention seemed to know, and all efforts to secure some definite information from Watson's friends failed.

ORDERED HER COFFIN

Colored Woman Insisted She Was Dead a Day Ahead.

Undertaker Ed Glass had a queer experience Sunday morning with a sick colored woman, who sent for him to order her own coffin. Her name was Nell Cornelius, and she was near to death at her home on Fourth Street, of consumption. When the undertaker arrived, the woman told him with a straight face and a serious air, that she was dead and wanted to be buried. She said that she died that morning and wanted her "bones" put away. The undertaker tried to convince her that she was mistaken, but left her laboring under the same delusion. On the following morning the woman died and her instructions were carried out.

VALUABLE ANIMAL.

Cow Produces Nine Gallons of Milk Per Day.

Mrs. Mary E. Giles, of near Howell, in the owner of a Jersey cow which, it is said produces nine gallons of milk per day. The accumulation of lactic acid is so rapid that it has become necessary to milk her three times a day. The large quantity of milk does not include that which is consumed by the calf, which is permitted to lunch at intervals during the day.

TENNESSEE CENTRAL

Officials Make a Flying Visit to The City Tuesday.

Several prominent officials of the Tennessee Central Railroad were in the city Tuesday. In the party arriving from Nashville on the noon train were Mr. J. C. Van Blarcom, President; Mr. E. H. Hinton, Traffic Manager, and Chief Engineer Philbrick. They were met here by General Agent Smith, of the Illinois Central. The trip was one of inspection. Mr. Van Blarcom returned to St. Louis, and Messrs. Hinton and Philbrick went back to Nashville on the afternoon train.

The Home Telephone Co. now has about 275 or 300 telephones "cut in," and is adding to this list about 30 or 40 a day. All will be in working order by this time next week.

## THE PATENT ON Mason Fruit Jars

Ended, Having Been Granted in 1858.

All Manufacturers can brand their jars Mason Patent if they wish and the majority do. **Mason Patent Fruit Jars** no more apply to any special M'fg. of fruit jars than the word druggist applies to a special drug store, or the word grocery to a special grocery store. When a person manufactures an article that is **Superior** as **Ball Mason** they prefer their name appearing, if **Inferior** of same the M'fr. prefers **Not** being **Known** and brands accordingly. We purchased a **CAR LOAD** of **BALL MASON** fruit jars as cheap as they have been this season. Then, as now, we could have purchased **Other** jars for **Less Money**, but we have had a little experience in this line and profited thereby. If you have used the **BALL MASON**, (they have been sold here for years) and other brands **BUY** the ones that have given the **Best Results**.

## ROUMANIAN THIRD DEGREE.

The Sweating Process by Which Concessions Are Forced from Subjects and Prisoners.

"The prisoners in our country are treated like kings and princes as compared with those of Rumania," said John T. Chalk, of Portland, Me., according to the Louisville Herald.

"I chanced to be in Rumania about six months ago and saw a man arrested. Being curious, I determined to watch and learn what they did with him. He was not tried and released the next day, as he would have been in this country, but was subjected to medieval tortures. He was whipped with the so-called sand mangle, a bag filled with wet sand. This instrument of torture inflicts terrible pain, but leaves no marks whatever on the body of the culprit.

"This particular prisoner was tortured in order to wrest from him a confession whether or not the kissing of an actress had been the result of a preconcerted conspiracy. He denied it and was then treated to the joys of the ash bag—that is, his head was put in a bag filled with ashes. The jailers beat with a stick upon the bag, causing the ashes to penetrate into the eyes, mouth, nostrils and ears of the prisoner.

"The process was then wound up by what is known as the 'truth finder,' a sort of wooden press in which the temples of the prisoner are compressed. This was too much for the man. He confessed a lie.

"I was glad to learn a few days later, however, that the torturers had been removed from office for their unseemly work."

## ORIGIN OF MONETARY MATTERS

Something of the History as Related by an Employee of the Treasury Department.

"There has been a scarcity of small change of late," said C. M. Huntington, for 10 years with the United States treasury department, according to the Louisville Herald of recent date. "All sorts of reasons are assigned to explain this condition, but, whatever the cause, it is vexatious. However, it is not so bad now in the way of exchange as it was in the olden times.

"The early Italians used cattle instead of coin. A person would sometimes send for change a hundred pound bullock, when he would receive a 25 pound sheep, or, perhaps, if he wanted very small change, there would be a few lambs sent back. The inconvenience of keeping a flock of sheep at one's banker's led to the introduction of bullion.

"People often wonder where certain monetary names came from. I'll tell you a few of them. "Formerly every gold watch weighed so many carats, from which it became usual to call a silver watch a 'tumbler'.

"They weight is derived from the extremely heavy responsibility which the Trojans were under to their creditors.

"The Romans were in the habit of tossing up their coins in the presence of the legions, and if a piece of money went higher than the top of the eagle's flag it was pronounced 'above the standard.'

## Raiding of Camel Herds.

"Hunting" is not a practice peculiar to the western frontier of the United States. In Somaliland there are adventurous spirits of a like sort, but camels instead of cattle are the booty they covet. Camels in Somaliland are kept in great herds sometimes numbering 30,000. Such numbers involve wide areas for grazing and consequent distances from the few places where water may be found. The ponies used by the Somalians also manage without drink for three or four days and when employed for herding have, like their masters, only camels' milk to quench their thirst. These big herds offer, of course, a tremendous temptation to the raiders, as many as 10,000 camels being taken at a time and the excitement of driving off such a herd at full gallop for 40 or 50 miles, with the asperated owner pleading hard in pursuit and the chances of the raider finding his own camp has fallen a prey to some other tribal division, appeals irresistibly to the excitable Somali.—Good Literature.

## A WOMAN'S BACK.

Aches and Pains Will Disappear If the Advice of This Hopkinsville Citizen is Followed

A woman's back has many aches and pains.

At times 'tis the kidneys' fault. Backache is really kidney trouble. That's why Doan's Kidney Pills cure it.

Many Hopkinsville women know this.

Read what one has to say about it:

Miss L. A. Heister, of 212 East 14th street says: "To walk for any distance or to exert myself in any way, intensified the aching in my back from which I was a long time a continual sufferer, and I thought it seemed to settle in some organ and made me almost miserable. When rising in the morning I felt stiff and sore, and often found it difficult to dress myself. Another symptom of my complaint was a weakness of the thighs, which annoyed and distressed me beyond words. I doctored but found little if any relief until I tried Doan's Kidney Pills, which had been strongly recommended to me, and which I procured from Thomas & Trubner's drug store. They did me a vast amount of good. The pain in my back ceased, the excursions were regulated and my health was improved generally. The pills perform what they promise every way.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

In self defense, after he had been badly beaten, Fred Balbach, a Pittsburgh policeman, mortally shot P. Kelly, one of a crowd that had attacked him.

## Heartfully Recommended For Rheumatism.

O. G. Hebee, Danville, Ill., writes Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment, one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c, \$1.00. Sold by R. C. Hardwick.

One person was killed, one fatally injured and a score of others hurt in a head-on collision on a stretch of the Reading railroad, near Philadelphia.

## Croup

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give five frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c, \$1.00. Sold by R. C. Hardwick.

The Louisville & Nashville show goes as earnings of \$26,872.245 for the year ending in June, an increase of \$1,422,868 compared with 1903.

## The Blind May See.

Dr. D. Garfield's Eye Remedy cured hundreds in Tennessee who were nearly blind with sore eyes, granulated eyelids, watering, itching, burning, itching eyes, and wild hairs. Many had scars or pterygia on their eyes. Do not see their way were given up by doctors. Incurable after paying out hundreds of dollars. Call or write for free sample, and you will be convinced that you can be cured. No matter how severe your case is, or how long standing, address Dr. D. Garfield, 605 North Sumner Street, Nashville, Tennessee.

The convicted, two of whom are suffering from consumption, have been paroled by the Prison Commission.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Near Hadley, in Warren county, Charley Keyes was shot and instantly killed by Fred Scott during a quarrel over a game of cards.

## Indigestion

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, shallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by R. C. Hardwick.

## ORIGIN OF THE MADSTONE.

Potent Power Popularly Believed to Exist in the Mysterious Substance.

Where did the madstone come from? No one seems to know. It does not belong to the mineral kingdom, nor can it be assigned to a place in geological formations. Its composition is not definite and it may possibly be found upon any beach or in any gravel pit, and the supply is always equal to the demand, says the Chicago Chronicle.

There are even now many of these precious talismans in this country, and the believers in their efficacy always know where the nearest is kept. One of them has been the property of an Ohio negro and was placed after the death of the owner in the state library at Columbus. There it was recently applied to the wound caused by the bite of a supposedly rabid dog. The dog recovered and the woman to whom it was applied died of blood poisoning, caused by the unclean contact.

Such a stone was kept in the Virginia state penitentiary for years and was open to all comers for application to the bite of a mad dog or other allied wounds. One such (perhaps the same) was at a later date sold for \$30.

Still more famous was that brought from Russia in 1887 by a physician of that country who settled in Nevada. It had previously been exploited in that country for at least a century and a half, a fact supported by documentary evidence. The document was written in native Russian and as no body concerned could read it everybody implicitly believed what they were told of it. The owner offered the stone for sale for \$1,000 and a joint stock company was formed for the purchase. A number of shareholders advanced \$1 each and the balance was made up by a farmer who became its keeper when the purchase was completed. Its fame still flourishes and it is said that an offer of \$3,000 has been refused for it.

## LARGE ENOUGH TO COUNT.

Important Bearing of Little Things in the Affairs and Lives of Mankind.

"The longer I live," observed the cashier of a bank downtown, relates the New York Press, "the more I realize the importance of little things. Here is a case in point," he continued, referring to a letter he had just received. "A few weeks ago I had two callers in my office, one an excitable, elderly man, a big depositor, and the other the president of a manufacturing concern and the writer of this letter. This manufacturer left and soon afterward the excitable man discovered that someone had taken his hat. He stormed about the place until one of the clerks suggested that he inquire the manufacturer had taken it by mistake. The excitable man demanded his address and started out to hunt him down and give him a piece of his mind."

"The other day I read a letter from the manufacturing concern and was astonished to see among the names of its officers that of my excitable caller as vice president. My curiosity was aroused and I made some inquiries. Now I learn that the excitable man was so pleasantly received when he called for his hat that his anger cooled at once. Then he got to talking about the manufacturer's business and the money he was making. A few days later he invested heavily in the concern and was elected its vice president. And all because of that little mistake about a hat?"

## Japanese Maxims.

Though thou should heap up a thousand pieces of gold they would not be so precious as one day of study.

Thy father and thy mother are like Heaven and earth; thy teacher and thy lord are like the sun and moon.

Human ears are listening at the wall; speak no calumny, even in secret.

Human eyes look down from Heaven; commit no wrong, however hidden.

From the evils sent by Heaven there is no deliverance; from the evils we bring upon ourselves there is no escape.—Detroit Free Press.

## THE ONLY CURE FOR Rupture

Is the scientific adjustment of a truss appliance by some one thoroughly skilled in the Automatic and Mechanical Requirements of each case.

## DR. MORTIMER H. BROWN.

The Eminent Specialist and recognized authority in the Mechanical Treatment of Hernia and the adjustment of appliances for Rupture and Deformities can be consulted in person at the address below.

I guarantee to hold your rupture, perfectly, under all conditions, with ease and comfort and give you as long a trial as you may wish with my truss free of charge. If I cannot satisfy you I do not want one cent of your money. I have the only truss made to cure Rupture and I am the only Truss Expert having confidence enough in his ability to guarantee satisfaction before expecting pay.

**No Leg Straps. No Heavy Elastic Bands or Steel Springs with my Guaranteed Truss. No more Truss Torture or Danger from Strangulation if you accept my offer.**

From the thousands of testimonials and letters I have I submit the following and will forfeit \$1,000 if I cannot show the original letters to anyone interested.

**No Truss ever held this Rupture before, 20 inches in Circumference.**  
DR. BROWN, Dear Sir:—I wish to tell you of the good the truss you fitted to me has done. As you will probably remember, my case was one no truss had ever held before and as it was 20 inches in circumference it was a great annoyance and disfigurement to me. From the day you put the truss on me my rupture has never been out, and after wearing it one month I took it off for over an hour in taking a bath and none of the rupture came down. I would not take one thousand dollars for the relief your truss has given me and I am certain it will cure me.

**Ruptured for Twenty-two Years Cured in Three Months.**

"I had been ruptured on my left side for twenty-two years, during which time I had tried many so-called cures and trusses, with no benefit whatever. I was thoroughly disheartened, as I could not get a truss to hold my rupture, and the best physicians told me there was no cure for me. In the spring of 1891, I commenced with Dr. M. H. Brown, and from the day he put his truss on, my rupture gave me no more trouble. I continued to wear the truss until the fall and then took it off and have not worn it since."

**Ruptured for Fifteen Years, a Prominent Distiller is Cured.**

"About fifteen years ago I was ruptured on the right side by being kicked in the groin, and five years later from some unknown cause, on the left side. I knew no cure until July, 1899, when I began with Dr. Brown. After wearing the truss a few months I discarded it and have had no trouble since."

Remember I give you a FREE TRIAL with my truss and unless you are fully satisfied you will not OWE ME A PENNY. Circulars free at Hotel or by mail.

"You pay your money and take your choice."

Judge Parker is out at St. Louis, but is said to be sitting on his front porch, overlooking the Hudson river, dressed in a cool suit of white flannel, with no telegraph wires running into his house. Wednesday he took a drive and was caught in a rainstorm, which is about the only stormy experience that is likely to come his way this week.

Hon. Morgan C. Fitzpatrick, a Tennessee congressman, was taken from the Louisville police station Wednesday, to Beechhurst Sanitarium, of which Dr. B. F. Kager is superintendent. He had recently spent some time at Beechhurst, but felt a month ago much improved. The Courier-Journal says he was in a "stupor" when arrested.

The Kentuckian today publishes the quarterly statements of all of the eight banks of Christian county, and takes pleasure in pointing to the excellent condition of all these institutions. They report a show in aggregate deposit fund subject to check of \$962,000. With nearly a million dollars deposited in the banks of Christian county, it is no wonder they are all in a healthy and prosperous condition.

The Philopino Scouts at the St. Louis fair are receiving social attention from white girls, and the color problem has become a live question in connection with the islanders. Some of them are even being invited to social functions in the city, and it is becoming quite a fad for foolish girls to take on over the brown men. The Post Dispatch says "St. Louis is slow to be come reconciled to seeing white-skinned girls going about with brown-skinned men."

### Deafness Cannot be Cured

If local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circulars, free.

## PATRICIDAL SHOT

Lays Jim Hern Low On Night of July 4th.

His Son, Mack Hern, in Jail to Answer the Charge of Murder.

James J. Hern was shot and mortally wounded by his son, Mack Hern, at eight o'clock Monday night, in W. R. Long's saloon, on East Ninth street, where he was employed as bartender.

Bad whiskey and bad blood growing out of long-standing family differences, were at the bottom of the tragedy.

James J. Hern was 66 years old and the father of three sons and two daughters, by a wife from whom he was divorced seven years ago. A year ago he was married again to a Caldwell county woman and the feeling against him, on the part of his former wife and some of her children, had grown more bitter. One son, the younger one, Hayden Hern, does not seem to have shared in this feeling, as he was working in the same barroom with his father and was the only eye witness to the killing.

Mack Hern and his brother, Jim Hern, Jr., live in Paducah. The former, who is employed as a boiler maker in the I. C. shops, came up Sunday to spend the 4th of July with his mother and sister. Early on the morning of the 4th, young Hern made a round of the saloons and began to drink heavily. During the forenoon, he called at the Long saloon and had some hot words with his father. The fuss ended in the elder Hern putting his son out of the saloon.

Mack Hern continued to drink during the day and about eight o'clock re-appeared at the saloon, bent on renewing the trouble with his father. He entered with a weapon in his hand and found Jim Hern standing by the bar in his shirt sleeves. Upbraiding his father for what he claimed was bad treatment, the young man fired upon him with a 32 Forehand revolver. The bullet struck the human target in the bowels. It entered a little to the left of the pit of the stomach. Hern staggered, but caught hold of the bar and assisted by his son, Hayden, seated himself in a chair near by, and a wet towel was placed over the wound and a doctor telephoned for.

He soon began to sink and lose consciousness and was in a dying condition when Drs. T. W. Blakey and R. L. Woodard arrived. The physicians made a hasty examination and saw at a glance that the wound was necessarily a mortal one. They did what could be done to make the victim comfortable and to stimulate him, but his soon lost consciousness and died in about an hour after he was shot. In his dying moments he called repeatedly for his son Hayden, who was at his side until he passed away.

Mack Hern Arrested.

The patricide as soon as he had fired the one bullet that did the work, turned and ran out of the saloon and into the arms of Officers J. M. Cravens and E. N. Miller, who were at the depot and ran to the saloon when the shot was fired. He submitted to arrest quietly and was disarmed. Young Hern, who is about 22 years, old, was very much under the influence of liquor. He was taken to jail and an hour later when told that his father was dead, he fell over in a faint or stupor, in which he remained for some time.

The dead body of Hern, Sr., was taken to his home at Second and Clay streets, his wife having arrived at the saloon about the time he died.

Inquest Held.

Coroner Allenworth held an inquest Tuesday and the following verdict was returned: "We the jury having been summoned and sworn by the coroner, and after having had witnesses introduced before us, and having examined

said witnesses, find from the evidence introduced that James J. Hern came to his death from having been shot by a pistol supposed to be a 32 calibre ball, and that further testimony goes to show that he was shot by his son." Hayden Hern, the only eye witness, refused to testify.

### The Dead Man.

James J. Hern was a native of Chattanooga, Tenn., where he was born in 1848. He was in the Confederate army and soon after the war came to this city and had been in the saloon business for many years. He had been employed at Long's saloon for ten or fifteen years.

He was not a drinking man ordinarily, but it is said he had taken a few drinks during the day Monday, but was engaged in his regular duties. He was entirely unprepared for trouble, unarmed, and without any sort of warning he was shot to death. It looks very much like a case of willful and premeditated murder, whatever may have been the cause leading up to the previous trouble.

Mack Hern claims self defense, but it is difficult to see how he can establish any such claim in the face of the facts. He created all of the trouble, invading his father's place of business, and was the aggressor all along.

The first story was that disparaging remarks made by Hern about his former wife, the boy's mother, was the primary cause of the morning trouble. This is not at all probable. The boy's brother was present, and as he lives with his mother and seems to have been on good terms also with his father, the story of recent domestic differences needs something more to back it than the patricide's statements.

His drunken condition is about the only excuse that can be offered for his ill-considered deed.

Mack Hern's examining trial has been set for July 14th. He has retained Judge Chas. H. Bush and Breathitt & Stiles to conduct his defense.

Of the twenty-nine colored applicants for certificates to teach in the county schools, examined about ten days ago, twenty passed and nine failed. Two first class certificates were issued; twelve second class, and six third class.

The July examination for white teachers will be held next Friday and Saturday, July 15 and 16.

The competitive examination for appointment to the State College at Lexington will be held at the same time.

The July examination for colored applicants for county certificates will be held the Friday and Saturday following.

### SUES T. C. ROAD.

Plaintiff Prays for One Thousand Dollars Damages.

Mr. John L. Brasher, guardian for Miss Annie May Brasher, has instituted suit against the T. C. railroad company for \$1,000 damages. It is alleged that one day in April last, Miss Brasher, who was teaching school near Chester, paid her fare to that place, but was put off at Masonville, three miles short of her destination. She further states that the conductor jerked her from the car step, causing her to sprain her ankle, and that in her crippled condition she was forced to walk to Masonville.

## MR. GEO. A. HUGHES

SAYS:

"I FEEL AS GOOD AS I DID AT 20."

Mr. Geo. A. Hughes.

Perrina is the Medicine for the Poor Man.

Mr. Geo. A. Hughes, 808 Mass. Ave., Indianapolis, Ind., writes: "Perrina has done me more good than anything I have ever taken. I am forty-five years old now, and feel as good as I did at 20. I was very thin and run down, but Perrina acted just right in my case. I am a carpenter and sometimes need a tonic. Perrina is the medicine for a poor man." Geo. A. Hughes.

A Congressman Uses Perrina in His Family.

Then, Thos. J. Henderson, Member of Congress from Illinois, and Lieutenant in the Union Army for eight years, writes from the Lumber building, Washington, D. C., as follows:

"Perrina has been used in my family with the very best results and I take pleasure in recommending your valuable remedy to my friends as a tonic and an effective cure for catarrh." Thos. J. Henderson.

Catarrh assumes different phases in different seasons of the year. In the early summer systemic catarrh is most prevalent. That tried, all worn out feeling

ing in nine cases out of ten due to a catarrhal condition of the mucous membrane. Perrina cleanses the mucous membrane and cures the catarrh wherever located. There are no remedies for catarrh just as good as Perrina. Accept no substitutes.

If you do not derive prompt and satisfactory results from the use of Perrina, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Chloroform Sanitarium, Columbus, Ohio.

## NOW IN ST. LOUIS.

Mr. Warren and Miss Penn Wedded Last Wednesday.

The marriage of Mr. R. F. Warren, of Guthrie, and Miss Ruth Penn, of Ceruleas Springs, occurred at six o'clock Wednesday morning at the home of the bride's father, Mr. G. T. Penn, near Cerulean. The Rev. J. R. McAfee, pastor of the Methodist church at Cadiz, officiated.

The wedding was a quiet affair, only a limited number of the closest friends of the contracting parties being present.

Mr. and Mrs. Warren left at once over the I. C. for St. Louis, where they will spend about ten days at the exposition. On their return they will reside at Guthrie, where the groom is cashier of a bank.

Mr. Warren is a native of Trigg county and had been engaged in business with McGeehe Bros., until about three years ago, when he became connected with the bank. He is a fine young business man and is very popular with all who know him. The bride has for several years been one of the most capable and popular teachers in the Hopkinsville public schools, and has a wide circle of friends in this city who will extend their best wishes for her future welfare and happiness.

## Money Plank is Brief.

The financial plank is brief, being in full as follows:

"The Democratic party congratulates the country upon the vindication of the Democratic contention for an increased volume of real or metallic money in a manner acceptable to all Democrats. by the addition to the world's stock of money metals of \$2,000,000,000 in gold within eight years, from which these United States have been able to obtain \$700,000,000, thereby doubling their stock of standard money, raising their per capita from \$23 to \$30, and contributing to the advent of industrial activity, which could not otherwise have been attained. The fact that this result has been reached by no action of Government, but by the action of God, through human instrumentalities of discovery, invention and industry, does not lessen our gratification."

The Committee on Rules voted down a proposition to abolish the rule requiring a two-thirds vote for a nomination.

## Kentuckians Got In.

Very few of the 200 or 300 Kentuckians in St. Louis failed to get into the convention to-day. National Committee man Woodson got hold of a bunch of tickets this morning and distributed them, while other Kentuckians got tickets from personal friends who had pulls. Mr. Woodson this morning appointed the following assistant sergeant-at-arms: Jesse Oliver, of Lyon county; John B. Brasher, of Hopkins; W. L. Kaltenbacher, of Shelby; James Pendleton, of Davies; O. O. Steele, of Washington.

Mr. Clarence Finn, of Owensboro, was appointed an assistant secretary, while Robert Higdon, of Frankfort, was appointed an assistant doorkeeper.

## WOODSON WON

For National Committeeman by 14 to 11

St. Louis, Mo., July 5.—After perfecting its organization, the principal feature was the re-election of Mr. Urey Woodson as National Committeeman by the Kentucky delegation tonight and in the morning. ## NEW KIND OF SICKNESS.

Malady Which Attacks Workmen in Compressed Air Chambers Underground.

The successful plex of a workman at the West Ham police court that his intoxication was due to the absorption of compressed air, and not to alcohol, was regarded by the uninitiated as more ingenious than truthful. But the veracity of the workman was unimpeachable, says the London Daily Mail of a recent date.

The construction of "tube" railways in London has introduced to the men who make them a disease of which they knew nothing before. It is called "caisson sickness," and is brought about by compressed air which is driven into the tunnels to enable the men to breathe.

In some aspects the outward symptoms are not unlike those of alcoholic intoxication. The pain suffered is acute. The pressure of the unnatural air, which is frequently three times as dense as the ordinary atmosphere, or approximately 45 pounds to the square inch, occasionally breaks the drums of the workmen's eardrums. According to an authority, supervises in severe cases, and several deaths have occurred.

Maddening earache and toothache afflict the majority of the workmen, but the sickness almost invariably announces itself in the knee joints. No severe is the pain that strong men cry and groan. One sufferer has likened it to the sensation of "having the joints twisted off."

While the recently completed Baker street and Waterloo railway tunnel was being made under the Thames 47 cases of "caisson sickness" occurred among 120 men in six months, and that despite the unremitting care of a well-known physician who was in regular attendance.

The doctor allowed no one to enter the tunnel whose heart was not thoroughly sound or who was addicted to the immoderate use of alcohol. At the end of each "shift" the men had to be carefully and gradually "locked out"—made accustomed to the outside air. But in this undertaking the necessary pressure was so exceptional that when the imprisoned air escaped upward the river for some distance bubbled like a mighty caldron, and barges could with difficulty navigate it.

While compressed air is responsible for many ill undergound, it is used as a curative agency in the sickroom, notably for asthma.

## Safe Way to Store Furs.

"Pawnbrokers are gradually becoming our business rivals in one way," said the manager of a storage warehouse. "Women with furs or silverware they want to put away for the summer are getting into the habit of going to the pawnbroker with them instead of coming to us. In that way they save the cost of storage, except for the interest on the loan, and have the use of the money at the same time. It is not necessary for them to go to the pawnshops. Outside men are employed in that business who will call at their home in response to a postal card. As a rule these women never ask for large amounts. Nor will they admit that their furs are in pawn. They call it storing. But they get precisely the same sort of pawn-tickets as the man who passes his watch over the counter when he is hard up."—N. Y. Sun.

## Packing Tea by Hand.

Although Ceylon is the greatest tea-growing country in the world, up to this time the entire product has been packed by hand. One man who has large tea interests in Ceylon has just perfected a machine for packing the tea in small packages. It is stated that tea put up in this way, especially if encased in tinfoil, will retain its flavor much longer than when put up in large quantities. The machine and one man will pack 30 packages in a minute, and the tea is so handled that the tea is not broken as when packed by the hand method. Several of these machines are now being installed on the tea property of this planter—Washington Star.

## TAKE WINE

"For thy stomach's sake" was doubtless the prescription of apostolic times for "stomach trouble." Wine for eighteen hundred years past has been a favorite prescription for poor digestion among general practitioners. You need a little wine to warm up the stomach, or to stimulate the stomach, as the case may be, was the common form of the prescription. But nobody has yet said you need a little wine to *cure* stomach trouble. Wine won't do that. And yet that's the one need of the diseased stomach—not stimulation, but cure.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and thus restores lost flesh and lost strength through the assimilation of perfectly digested food.

"Nineteen years ago, I was taken sick with stomach trouble," writes Mr. James H. Mulligan, of 843 E. Washington St., Syracuse, N. Y. "I commenced to treat with different physicians and in that length of time fifteen different physicians have treated me, off and on, up to a year ago. Some of the physicians claimed I had liver complaint, others said I had indigestion, others said intestinal dyspepsia. I have had doctors tell me they could do no more for me. Have in the time mentioned tried any number of other medicines. I must acknowledge that I have not in all of this time received from any doctor or other medicines the benefit that I received from Dr. R. V. Pierce's Golden Medical Discovery. It has done wonders for me, and I cannot speak too highly in its praise."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose, therefore accept no substitute for "Golden Medical Discovery."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

## LOCALS LOST

### First Game Played Here With The Indians.

A Fine Game Promised This Afternoon—Cairo Will Be Here Next Week.

The Paducah team arrived here Wednesday for a series of three games. The first of these was played Wednesday afternoon and resulted in a score of 8 to 5 in favor of the visitors. The defeat for the locals was due to bad playing in the first inning, Paducah making five runs in one inning. Petifer, the new man, pitched for the locals up to the sixth inning, when Morris relieved him and finished the game. The second game was in progress when the forms were closed, and the result cannot be given in this issue.

Today's game will be the last for this week and the final contest with the champions is likely to bring out some fine playing.

The local club will go from here to Henderson for three games, commencing tomorrow.

On Tuesday Hopkinsville and Cairo will play the first of a series of games here. The locals then go to Paducah for three games. Cairo defeated Henderson Wednesday, at Henderson, the score being 6 to 2. The same day at Vincennes, Clarksville won from Vincennes by the score of 6 to 5.

Cairo and Hopkinsville played a double header at Cairo Monday and Hopkinsville won both games. The contests were very exciting and were witnessed by large crowds. The first game, played in the morning, resulted in a shut out for the Egyptians, the score being 2 to 0. Alexander and Collins composed the battery for Hopkinsville. The second game, in the afternoon, was an eleven-inning contest. Up to this inning the score was a tie, but Hopkinsville added six runs, making 7 to 1. Bomar pitched for Hopkinsville in this game.

At Vincennes Monday the Henderson team and the Indians played a double-header. In the first game Vincennes won by the score of 14 to 2. In the second Henderson shut out the Indians. The score was 5 to 0.

Paducah lost both games to Clarksville, played at Paducah Monday. Score in the first game, 5 to 2; in the second, 6 to 4.

#### Tuesdays Games.

Cairo took the last game of the series from Hopkinsville at Cairo Tuesday, the score being 4 to 0. This gave the locals two and the Egyptians one of the series of games played here.

Clarksville won from Paducah, at Paducah, in Tuesday's game. The score was 5 to 3.

At Vincennes Tuesday Henderson lost. The contest was a hard fought one, and resulted in the score of 5 to 4.

#### Caught on the Fly.

The Kenton Club and the lawyers played a game Monday for the Y. M. C. A. fund, but owing to the rain, a very small crowd turned out. The Kenton club won by the score of 11 to 6. A second game was played Tuesday afternoon. The lawyers lost this game also. The score was 20 to 15.

The game of ball played at Riverside Park last Sunday between Hopkinsville and Dawson resulted in a score of 17 to 1 in favor of the former. They were two much for our team.—Dawson Oracle.

The K. I. T. League has fired Upsilon Setley, but is not yet through making needed changes. Brady, Hopkinsville's little third baseman, from Evansville, made a big hit by his clever work Wednesday in his first game on the local diamond. The new man is only nineteen, but is already a favorite with the fans. He watches his base like a hawk, hits the ball and runs well. Brady will make good.

Petifer, the new Arkansas man, who joined the local team last week, was tried as a pitcher Wednesday. He lacked proper support and it was not all his fault that the game was lost in the third inning. We have pitchers enough without experimenting with new men in contests with champion players. Petifer is a good man, but does not belong in the box. Let Bomar, Alexander and Morris do the pitching. Marre's finger is still sore, but he is one of the best men on the team, even in a crippled condition. He is good anywhere he is placed, is a scientific ball player and a skilled athlete, who runs like a race horse and steals his base.

Zinkins, the umpire who is on duty here, is a good-natured fellow who has a way of keeping out of scraps by smiling when the boys kick. He is, taken all round, about the best in the bunch.

### HEAVY SALES

And Receipts on the Weed on Local Market.

Public and private sales of tobacco this week amounted to 784 hogheads. Receipts were 470 hogheads. Total receipts for the year amounted to 6970 hogheads and total sales, 4935 hogheads. There were only eighteen rejections. The break market was steady, with but little change in prices.

R. M. Woodruff & Co., sold over 200,000 pounds of loam on the floor. Prices realized were about the same as those of last week. Loose receipts continue large.

Frankfort, Ky., July 6.—Gen. Joseph H. Lewis, died in Scott county today.

Joseph Horace Lewis was born in Barren county, Ky., October 24, 1824. He began early in life the practice of law and entered politics and was elected to the general assembly as a Whig. In 1875 he was nominated as a Democrat for Congress against Warner L. Underwood, who defeated him. At the outbreak of the war he recruited a company of Southern sympathizers and with Col. Cooper, organized the Sixth Kentucky Infantry at Camp "Dick Robinson." He was chosen as Col. of the regiment. He took part in some of the biggest battles of the war, being at Shiloh, at Corinth, at Stone River, at Jackson, Miss., at Chickamauga, and at Missionary Ridge. He returned to Glasgow in May, 1865, and resumed the practice of his profession. In 1870 he was elected to fill an unexpired term in the Forty-first Congress, and was re-elected to the next session. On the death of Chief Justice O'Neil he was elected a member of the Court of Appeals, and was twice re-elected to the bench, serving three times as Chief Justice. He retired in 1893.

Judge Lewis was twice married. His first wife was Miss Sarah H. Rogers, of Glasgow. She died in 1858, leaving two children, John Lewis, of Glasgow, and Mrs. Eliza L. Burham, of Lincoln, Neb. After the war he remarried, his second wife being Mrs. Cosandra P. Johnson, widow of Jilson P. Johnson, Louisville. She is a daughter of Gen. Thomas B. Flournoy.

Judge Lewis was commander of the famous Orphan's Brigade at the close of the war. He was chairman of the Goebel Reward Commission.

### FIRE AT FATHER

And Two Bullets Took Effect in His Body.

Picnic Participants Get Into Trouble Which May Have a Fatal Termination.

A shooting is reported from Bald Knob, near Haley's Mill. The trouble occurred at a picnic last Saturday. From the best information obtainable it appears that a man named Baxter and his son, Belton Baxter, were engaged in the festivities, when some trouble arose between father and son. The elder Baxter advanced upon his boy, and the latter, after warning his father to stand back, pulled his pistol and fired a shot in the ground. This did not stop him. The young man then fired two more shots. One took effect in his father's right side and passing into his shoulder and down his arm, came out at the elbow. The other entered his body just below the heart. The latter wound is the more dangerous one, but is not considered necessarily fatal. At last accounts the wounded man was alive and his chances for recovery are considered about even. The young man, who is about 22 years of age, has not been arrested.

The Baxters have been engaged at work in the timber of northeast Christian getting out crosties, for several months. They came to this county from Arkansas.

### PARTY LINES

Arouse Displeasure of the Jefferson Fiscal Court.

The Cumberland Telephone Telegraph Company was made subject of a sharp resolution by the Fiscal Court at its meeting yesterday morning. When the question of paying a quarterly bill for certain service was called up Magistrate Shadburn said he wished to register an objection to the character of service rendered the county. He stated that the county's contract called for single or individual lines in every county institution, and at the reluctance of every county patrolman. However, he declared, many of these were party lines. He stated further that he had much difficulty in getting connection with these patrolmen when he wanted them, and offered a resolution that the individual lines be supplied or the company called upon to remove the party lines, which, it is claimed, should be replaced. Magistrate Velton amended the resolution so as to require the telephone company to remove its service from county institutions inside and outside the city limits, including a court house unless the objectionable party lines were removed. The resolution was amended passed without dissent.—Courier-Journal.
